

Welcome to WCR's Plumbing Department.

We have been serving Ada and its surrounding areas for the past 20 years. We have provided service and installation for both residential and commercial customers. We even taught the Plumbing Trade at the Wes Watkins Carrer Tech for 8 years. We specialize in installation, service, and repair of all types of plumbing, and Tankless Water Heater systems.

We are one of the few Oklahoma State LP Administration licensed Contractors to work safely with Propane Gas as well as Natural Gas. Let us help you install, fix or service all your HVAC-R needs.
